

Workshop Information

Developing a Biblical Attitude & Modelling

Learning to value children the way God does and to model Christ as you move your children toward the goal of knowing, loving and obeying God.

Track A :

- **Teaching for Response**
Learning how to present God's truth and to challenge your students to respond with faith and obedience
- **Preparing Bible Content**
Learning to prepare to teach the Bible lesson without the benefit of a teacher's book.
- **Involving the Senses**
Looking at practical ways you can get the children hearing, seeing, saying and doing during your Bible lesson.

Track B :

- **Using Your Time Effectively**
Learning to use all of your time with your students to help them move toward the goal of knowing, loving, and obeying God.
- **Holding Students Accountable**
Learning practical ideas for reviewing Bible truth as well as application from week to week.
- **Helping Students Grow**
Learning practical ways to help your students learn to pray, read the Bible, and find church fellowship for themselves.
